

## Services *for* Health Service providers

As a team of senior architects specialised in the planning and design of healthcare facilities, we are experienced in working with, and for, many different Health Service Providers.

These include:

- ◆ NHS Estates
- ◆ NHS Trusts
- ◆ Primary Care Trusts
- ◆ Health Authorities
- ◆ GP Practices
- ◆ Overseas Hospitals
- ◆ Private Sector Healthcare Providers
- ◆ World Health Organisation
- ◆ Overseas Development Agency

Our experience enables us to offer a cross-disciplinary understanding of issues and provide efficient communication links between health service providers and users, and design, building and estates teams. The services we offer include:

- ◆ Development Control Planning;
- ◆ Estates Strategies;
- ◆ Functional Suitability Surveys, Audits & Space Utilisation Studies;
- ◆ Development of Operational Policies;
- ◆ Preparation of Development Briefs;
- ◆ Development of Business Cases;
- ◆ Feasibility Studies;
- ◆ Design Reviews;
- ◆ Option Appraisals;
- ◆ Facilitating In-house Workshops to Develop Strategies and Briefs, and on New Ways of Working;
- ◆ Post-occupancy Evaluation.
